

Be our sponsor for the next year!
<http://robot.kokicraft.com>

We are a group of high school students interested in the STEAM field.
We help educate younger students in our community!

ROBOT DEVELOPMENT

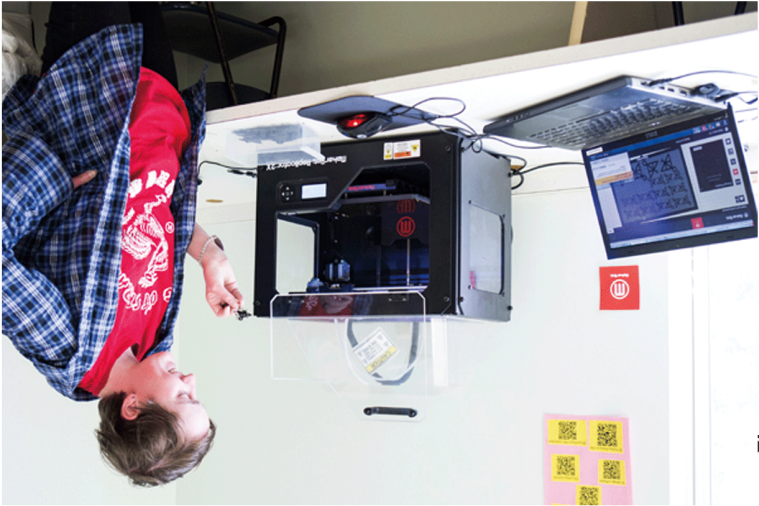

EDUCATING COMMUNITY

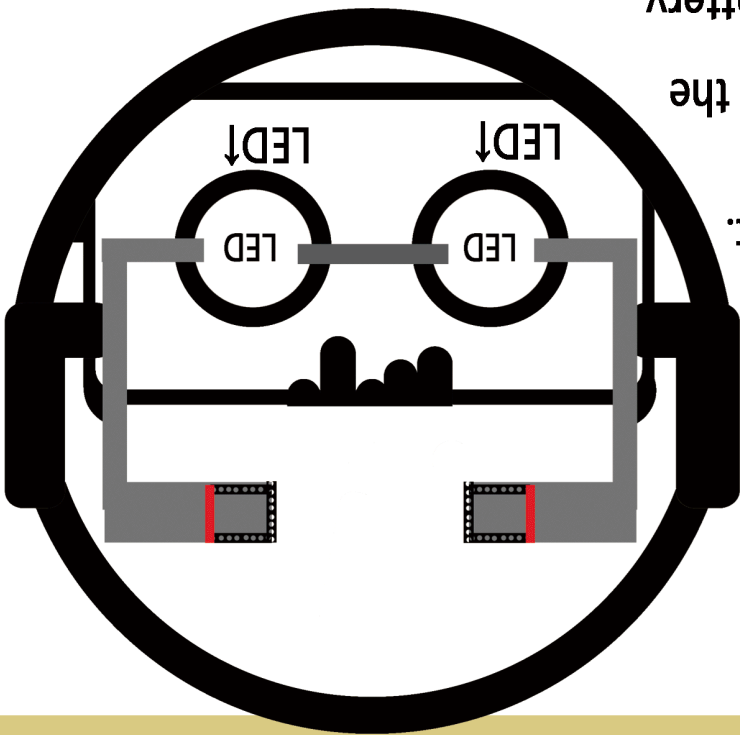

SFSS Robotics Club is a newly created organization. despite having less than 1-year experience, in last year's robotic competition, this season, we won the Judge's award in FIRST Tech Challenge.

Sandy Spring Friends School

Sandy Spring Friends School is a progressive, coed, college preparatory Quaker school serving students from age three through 12th Grade, with an optional boarding program in the Upper School. Founded in 1961, SSFS offers a deep and rigorous academic curriculum, character education rooted in universal Quaker principles, and a diverse and international student body that reflects today's global community. SSFS sits on a pastoral 140-acre campus in the heart of Montgomery County, Maryland, midway between Washington D.C. and Baltimore - an ideal setting for intellectual contemplation, athletic training, diverse extracurricular pursuits, outdoor exploration, urban excursion, and personal growth.

Steps to Light Up the Eyes:

1. Place the LEDs onto the given position.
2. Paint the gray line on the circuit with the conductive material.
3. Cut the dotted line on the circuit.
4. Fold the flaps inwards over the red line to use as the battery holder.
5. Place a AAA battery between the flaps and the LEDs will be turned on.
6. Turn over the pamphlet and the eyes of the beast should be able to light up.
